PRODUCT SHEET

Double Kit

Double Shore's base for Umbraco 18 sites. Accessible blocks, a design system in one place and pages ready on the day the site is created.

In the page builder

- 29 blocks and sections, each with variants
- Galleries, sliders, before and after, timelines, tables and files
- Date-based block scheduling
- Real previews in the backoffice

On the Design node

- Colours, fonts and corners for the whole site
- 20 fonts served by the site itself
- 12 button styles and entrance animations
- Frosted glass backgrounds and wave or torn edges

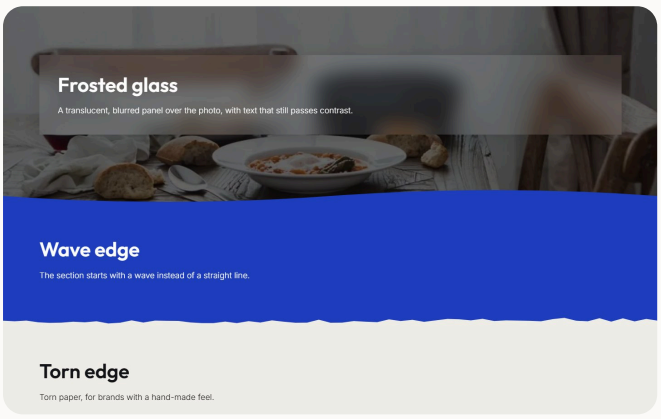

Double Shore, Umbraco Silver Partner since 2013 double-shore.com/en

On every site

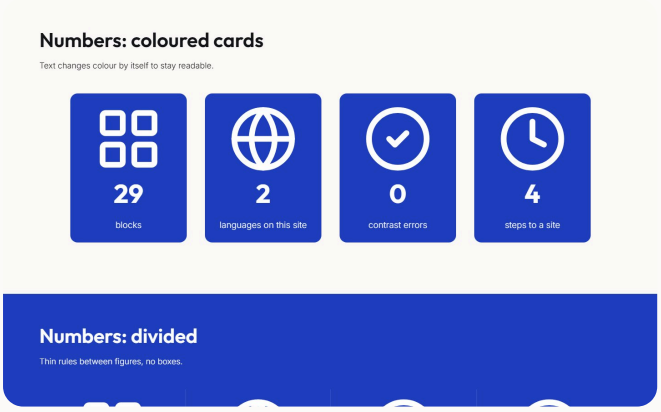

- Several languages, text by text
- Per-page SEO, sitemap and structured data
- Cookie banner and generated legal pages
- Checked contrast and nothing under 16px

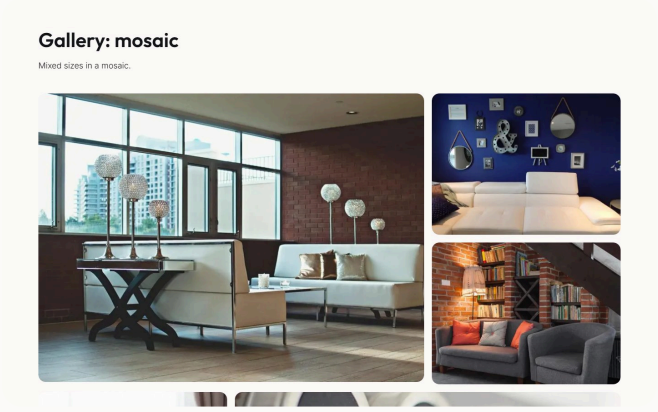

Add-ons with their own licence

- Online shop with optional Stripe payments
- Sales CRM, on top of the shop
- Traffic analytics
- Members area
- AI chat, in beta

Double Kit blocks, captured on this site.
